VERSE 1

we're looking into the future
with You we know there's more
You've proven Your ways are faithful
we trust You're in control
we worship You for what has been
Jesus, we worship You now
no greater name that is worthy
we lift a holy sound

CHORUS

our praises roar
for everything You've done
so keep on moving, Lord
we'll move with You
we can't stay here
we long for greater things
so keep on moving, Lord
we'll move with You
we'll move with You

VERSE 3

oh God, we pray for abundance
beyond what we could ask
let us remember Your vision
a kingdom that will last
unleash the power of Your Spirit
to be the strength in us
we're praying now for a boldness
to see Your will be done

BRIDGE

You are with us here
what could we ever fear
we're marching forward
as you hold the door
God, we're ready for more
we're marching forward
